On the basis of 30 years of experience in making the firearms and dealing with government authorities and public procurement, in September 2022 a new company BURGUS d.o.o. was established.

Our aim is to specialize in international trade and defense products, and for this purpose, on 15 September 2022, we obtained a Permit for trade in defense products (No. 2160-10/2022-5) from the Ministry of Defense of the Republic of Slovenia. From the Ministry of the Interior, we obtained a permit for the sale of weapons no. 2162-894/2022/13 (134-06) dated 18.10.2022, because the company also wants to deal with the sale of weapons and ammunition, as we have many years of experience in this field.

We mainly aim to participate in tenders and projects. With our extensive offer and expertise, we have acquired customers outside of Slovenia as well. We have been visiting exhibitions abroad, where we learn about the latest technical equipment. We have signed the agreement with the leading producer of anti-drone solutions AARONIA, company who offers protection of the sea SAES from Spain, Droptec from Switzerland for antidrone elimination.
